

TAMAQUA AREA CHAMBER OF COMMERCE MEMBER 2 MEMBER BENEFIT PROGRAM

This program gives every Tamaqua Area Chamber member an opportunity to promote their business and offer an exclusive discount or special offer on their products/services to other Tamaqua Area Chamber members.

The type of discount or special offer you provide is strictly your decision. As a participant in this program, your business will receive free publicity in all program-related materials, including the Chamber website.

How does this work?????

- Members can enroll in the program at anytime.
- The discount/offer will be valid for the current calendar year.
- Should you decide to discontinue your participation prior to the end of the current calendar year, it is your responsibility to notify the Chamber and any members who solicit your business that you are no longer participating.
- You may choose to re-enroll in the program at any time.
- The list of participating Chamber members and their discount/offers will be updated quarterly. Hard copies of the list will be available in the Chamber office. Offers will be listed on the website.
- Current Chamber members will be issued a membership card that will identify them as such. Your offer/discount is an exclusive benefit to only current Tamaqua Area Chamber of Commerce members.

This member-to-member benefit is offered to the principle (owners, managers) of the business member. Individual members are also entitled to the offer. Each member will identify themselves with their membership card.

This program will benefit you as a chamber member by presenting your business offer to other chamber members. Increase your customer base through participation in this program.
